Dear Credit Bureau Representative:

I recently reviewed a copy of my credit report and noticed the following information regarding inquiries to be in error. The Fair Credit Reporting Act states that the only permissible purpose is:

1. A firm offer of credit.
2. Insurance.
3. Application for employment.
4. Court order

The following inquiries are not related to one of the allowable purposes, as I have reiterated in The Fair Credit Reporting Act.

1. Name of company with unauthorized inquiry
2. Name of company with unauthorized inquiry
3. Name of company with unauthorized inquiry

Please remove these inquiries from my credit report immediately. If any of these companies allege to have pulled my credit report with permission, then I exercise my legal right to ask for verification, including:

1. Name and title of the of the individual who pulled my credit report.
2. Date they claim that I gave permission.

3. Method they purport that I gave permission. Please include documentation of said permission.

Thank you.

Sincerely,

{Sign your letter}
